City of Vineland will not be held responsible for any erroneous pages or pages missing from this bid document if it is obtained from a source other than the Purchasing Department of the City of Vineland. City of Vineland will not be held responsible if bidders (vendors) fail to receive any updates or addenda to the specification, if they haven't contacted the Purchasing Department.

- H. Each bid proposal form must give the full business address, business phone, fax, the contact person of the bidder, and be signed by an authorized representative as follows:
- Bids by partnerships must furnish the full name of all partners and must be signed in the partnership name by one of the members of the partnership or by an authorized representative, followed by the signature and designation of the person signing.
 - Bids by corporations must be signed in the legal name of the corporation, followed by the name of the State in which incorporated and must contain the signature and designation of the president, secretary or other person authorized to bind the corporation in the matter.
 - Bids by sole-proprietorship shall be signed by the proprietor.
 - When requested, satisfactory evidence of the authority of the officer signing shall be furnished.
- I. Bidder should be aware of the following statutes that represent "Truth in Contracting" laws:
- N.J.S.A. 2C:21-34, et seq. governs false claims and representations by bidders. It is a serious crime for the bidder to knowingly submit a false claim and/or knowingly make material misrepresentation.
 - N.J.S.A. 2C:27-10 provides that a person commits a crime if said person offers a benefit to a public servant for an official act performed or to be performed by a public servant, which is a violation of official duty.
 - N.J.S.A. 2C:27-11 provides that a bidder commits a crime if said person, directly or indirectly, confers or agrees to confer any benefit not allowed by law to a public servant.
 - Bidder should consult the statutes or legal counsel for further information.
- J. Potential bidders are hereby cautioned that they are bidding at their own risk and that the specifications/bid packages may or may not be complete if the specifications/bid packages were provided by a third party supplier.
- The City shall not be responsible for third party supplied specifications/bid packages.
- K. The City reserves the right to reject individual and/or all bids in accordance with law.
- L. Any prospective bidder who wishes to challenge a bid specification shall file such challenge in writing with the Purchasing Agent no less than three (3) business days prior to the opening of the bids. Challenges filed after that time shall be considered void and having no impact on the contracting unit or the award of a contract; N.J.S.A. 40A: 11-13 (e).
- M. Contracts shall be awarded to the lowest responsive and responsible bidder. City Council reserves the right to reject any and all bids and to waive minor discrepancies therein. City Council also reserves the right to split bids, award individual items, or to award groups of items and categories of items.
- N. Questions concerning this bid shall be directed in writing to the Purchasing Department, Attention: Miguel Mercado, Purchasing Agent, either by facsimile at (856) 405-4605 or by email at PurchasingOffice@vinelandcity.org. Last day for questions is noon, Wednesday, April 29, 2026.

II. BID SECURITY AND BONDING REQUIREMENTS

The following provisions if indicated by an (X), shall be applicable to this bid and be made a part of the bid documents:

☐

A. BID GUARANTEE

Bidder shall submit with the bid a certified check, cashier's check or a bid bond in the amount of ten percent (10%) of the total price bid, but not in excess of \$20,000, payable unconditionally to the City.

When submitting a Bid Bond, it shall contain Power of Attorney for full amount of Bid Bond from a surety company authorized to do business in the State of New Jersey and acceptable to the City.

The check or bond of the unsuccessful bidder(s) shall be returned pursuant to N.J.S.A. 40A:11-24a. The check or bond of the bidder to whom the contract is awarded shall be retained until a contract is executed and the required performance bond or other security is submitted.

The check or bond of the successful bidder shall be forfeited if the bidder fails to enter into a contract pursuant to N.J.S.A. 40A:11-21.

Failure to submit a bid guarantee shall result in rejection of the bid.

☐

B. CONSENT OF SURETY

Bidder shall submit with the bid a Certificate (Consent of Surety) with Power of Attorney for full amount of bid price from a Surety Company authorized to do business in the State of New Jersey and acceptable to the City stating that it will provide said bidder with a Performance Bond in the full amount of the bid. This certificate shall be obtained in order to confirm that the bidder to whom the contract is awarded will furnish Performance and Payment Bonds from an acceptable surety company on behalf of said bidder, any or all subcontractors or by each respective subcontractor or by any combination thereof which results in performance security equal to the total amount of the contract, pursuant to N.J.S.A. 40A:11-22.

Failure to submit a consent of surety shall result in rejection of the bid.

☐

C. PERFORMANCE BOND

Successful bidder shall simultaneously with the delivery of the executed contract, submit an executed bond in the amount of one hundred percent (100%) of the acceptable bid as security for the faithful performance of this contract.

The performance bond provided shall not be released until final acceptance of the whole work and then only if any liens or claims have been satisfied. The surety on such bond or bonds shall be a duly authorized surety company authorized to do business in the State of New Jersey pursuant to N.J.S.A. 17:31-5.

Failure to submit this with the executed contract shall be cause for declaring the contract null and void pursuant to N.J.S.A. 40A:11-22.

☐

D. LABOR AND MATERIAL (PAYMENT) BOND

Bidder shall with the delivery of the performance bond submit an executed payment bond to guarantee payment to laborers and suppliers for the labor and material used in the work performed under the contract.

Failure to submit a labor and material bond with the performance bond shall be cause for declaring the contract null and void.

E. MAINTENANCE BOND

Upon acceptance of the work by the City, the contractor shall submit a maintenance bond (N.J.S.A. 40A:11-16.3) in an amount not to exceed **100%** of the project costs guaranteeing against defective quality of work or materials for the period of:

_____ 1 year
_____ 2 years

III. INTERPRETATION AND ADDENDA

- A. The bidder understands and agrees that its bid is submitted on the basis of the specifications prepared by the City. The bidder accepts the obligation to become familiar with these specifications.
- B. Bidders are expected to examine the specifications and related bid documents with care and observe all their requirements. Ambiguities, errors or omissions noted by bidders should be promptly reported in writing to the Purchasing Agent. Any prospective bidder who wishes to challenge a bid specification shall file such challenges in writing with the contracting agent no less than three business days prior to the opening of the bids. Challenges filed after that time shall be considered void and having no impact on the contracting unit or the award of a contract pursuant to N.J.S.A. 40A:11-13. In the event the bidder fails to notify the City of such ambiguities, errors or omissions, the bidder shall be bound by the requirements of the specifications and the bidder's submitted bid.
- C. No oral interpretation and or clarification of the meaning of the specifications for any goods and services will be made to any bidder. Such request shall be in writing, addressed to the Purchasing Agent. In order to be given consideration, a written request must be received at least ten (10) business days prior to the date fixed for the opening of the bid for goods and services.

All interpretations, clarifications and any supplemental instructions will be in the form of written addenda to the specifications, and will be distributed to all prospective bidders. All addenda so issued shall become part of the specification and bid documents, and shall be acknowledged by the bidder in the bid. The City's interpretations or corrections thereof shall be final.

When issuing addenda, the City shall provide required notice prior to the official receipt of bids to any person who has submitted a bid or who has received a bid package pursuant to N.J.S.A. 40A:11-23c.1.

D. Discrepancies in Bids

- 1. Ditto marks are not considered writing or printing and shall not be used.
- 2. In the event that there is a discrepancy between the unit prices and the extended totals, the unit prices shall prevail. In the event there is an error of the summation of the extended totals, the computation by the City of the extended totals shall govern.

E. Pre-Bid Conference

If stated in the Notice to Bidders:

A Pre-Bid Conference is not required for this bid.

A pre-bid conference for this proposal will be held on _____.

Attendance is not mandatory, but is strongly recommended. Failure to attend does not relieve the bidder of any obligations or requirements.

IV. BRAND NAMES, STANDARDS OF QUALITY AND PERFORMANCE

- A. Brand names and/or descriptions used in these specifications are to acquaint bidders with the types of goods and services desired and will be used as a standard by which goods and services offered as equivalent will be evaluated.
- B. Variations between the goods and services described and the goods and services offered are to be fully identified and described by the bidder on a separate sheet and submitted with the bid proposal form. Vendor literature WILL NOT suffice in explaining exceptions to these specifications. In the absence of any exceptions by the bidder, it will be presumed and required that the goods and services as described in the bid specification be provided or performed.
- C. It is the responsibility of the bidder to document and/or demonstrate the equivalency of the goods and services offered. The City reserves the right to evaluate the equivalency of the goods and services.
- D. In submitting its bid, the bidder certifies that the goods and services to be furnished will not infringe upon any valid patent or trademark and that the successful bidder shall, at its own expense, defend any and all actions or suits charging such infringement, and will save the City harmless from any damages resulting from such infringement.
- E. Only manufactured and farm products of the United States, wherever available, shall be used pursuant to N.J.S.A. 40A:11-18.
- F. The contractor shall guarantee any or all goods and services supplied under these specifications. Defective or inferior goods shall be replaced at the expense of the contractor. The contractor will be responsible for return freight or restocking charges.

V. INSURANCE AND INDEMNIFICATION

The insurance documents as listed below shall include but are not limited to the following coverage's. (where insurance requirements are listed under other sections of these specifications, the higher limits will prevail.)

A. INSURANCE REQUIREMENTS

1. Worker's Compensation Insurance

Workers Compensation insurance shall be maintained in full force during the life of the contract, covering all employees engaged in performance of the contract pursuant to N.J.S.A. 34:15-12(a) and N.J.A.C. 12:235-1.6. Statutory Limit for Workers' Compensation and \$500,000 for Employer's Liability.

2. General Liability Insurance

General liability insurance shall be provided with limits of not less than \$1,000,000 any one person/any one accident for bodily injury and property damage and \$3,000,000 aggregate, and shall be maintained in full force during the life of the contract.

3. Automobile Liability Insurance

Automobile liability insurance covering contractor for claims arising from owned, hired and non-owned vehicles with limits of not less than \$1,000,000 any one person / any one accident for bodily injury and property damage, and shall be maintained in full force during the life of the contract.

4. Other Forms of Insurance Required

B. CERTIFICATES OF THE REQUIRED INSURANCE

Certificates of Insurance for those policies required above shall be submitted with the contract. Such coverage shall be with an insurance company authorized to do business in the State of New Jersey and shall name the City of Vineland as an additional insured.

Self-insured contractors shall submit an affidavit attesting to their self-insured coverage and shall name the City of Vineland as an additional insured.

C. INDEMNIFICATION

Bidder shall indemnify and hold harmless the City of Vineland from all claims, suits or actions, and damages or costs of every name and description to which the City of Vineland may be subjected or put by reason of injury to the person or property of another, or the property of the City of Vineland resulting from negligent acts or omissions on the part of the contractor, the contractor's agents, servants or subcontractors in the delivery of goods and services, or in the performance of the work under the contract.

VI. PRICING INFORMATION FOR PREPARATION OF BIDS

A. The City of Vineland is exempt from any local, state or federal sales, use or excise tax.

B. Estimated Quantities (Open-End Contracts): The City has attempted to identify the item(s) and the estimated amounts of each item bid to cover its requirements; however, past experience shows that the amount ordered may be different than that submitted for bidding. The right is reserved to decrease or increase the quantities specified in the specifications pursuant to N.J.A.C. 5:30-11.2 and 11.10. **NO MINIMUM PURCHASE IS IMPLIED OR GUARANTEED.**

C. Contractor shall be responsible for obtaining any applicable permits or licenses from any government entity that has jurisdiction to require the same. All bids submitted shall have included this cost.

D. Bidders shall insert prices for furnishing goods and services required by these specifications. Prices shall be net, including any charges for packing, crating, containers, etc. All transportation charges shall be fully prepaid by the contractor, F.O.B. destination and placement at locations specified by the City. As specified, placement may require inside deliveries. No additional charges will be allowed for any transportation costs resulting from partial shipments made for the contractor's convenience.

E. No bidder will be allowed to offer more than one price on each item even though he/she may feel that he has two (2) or more types/products that will meet the specifications. Bidders must determine for themselves which type/product to offer. If said bidder should submit more than one price on any item, all prices for the item shall be rejected.

F. The contract period will be from June 1, 2026 expiring on May 31, 2027 with the option to renew for one (1) additional year ending May 31, 2028. The option year is not an automatic renewal. This must be approved by all parties and by resolution of the governing body.

VII. STATUTORY AND OTHER REQUIREMENTS

The following are mandatory requirements of this bid and contract.

A. MANDATORY AFFIRMATIVE ACTION CERTIFICATION

No firm may be issued a contract unless it complies with the affirmative action provisions of N.J.S.A. 10:5-31 et seq. and N.J.A.C. 17:27-1 et seq. The following information summarizes the full, required regulatory text, which is included as Exhibit A of this bid specification.

1. Goods and Services (including professional services) Contracts

Each contractor shall submit to the public agency, after notification of award but prior to execution of a goods and services contract, one of the following three documents:

- i. A photocopy of a valid letter that the contractor is operating under an existing Federally approved or sanctioned affirmative action program (good for one year from the date of the letter); or
- ii. A photocopy of a Certificate of Employee Information Report approval, issued in accordance with N.J.A.C. 17:27-4; or
- iii. A photocopy of an Employee Information Report (Form AA 302) provided by the Division and distributed to the public agency to be completed by the contractor in accordance with N.J.A.C. 17:27-4.

2. Maintenance/Construction Contracts

After notification of award, but prior to signing the contract, the contractor shall submit to the public agency compliance officer and the Division of Contract Compliance and Equal Employment Opportunity in Public Contracts (Division) an initial project workforce report (Form AA201) provided to the public agency by the Division for distribution to and completion by the contractor, in accordance with N.J.A.C. 17:27-7.

The contractor shall also submit a copy of the Monthly Project Workforce Report once a month thereafter for the duration of the contract to the Division and to the public agency compliance officer. The contractor shall also cooperate with the public agency in the payment of budgeted funds, as is necessary, for on-the job and/or off-the-job programs for outreach and training of minorities and women.

B. AMERICANS WITH DISABILITIES ACT OF 1990

Discrimination on the basis of disability in contracting for the purchase of goods and services is prohibited. Bidders are required to read Americans with Disabilities language that is included as Appendix A of this specification and agree that the provisions of Title II of the Act are made a part of the contract. The contractor is obligated to comply with the Act and to hold the City harmless.

C. STOCKHOLDER DISCLOSURE

N.J.S.A. 52:25-24.2 provides that no corporation, partnership, limited partnership, limited liability corporation, limited liability partnership, Subchapter S corporation or sole proprietorship, shall be awarded any contract for the performance of any work or the furnishing of any goods and services, unless, prior to the receipt of the bid or accompanying the bid of said corporation, partnership, limited partnership, limited liability corporation, limited liability partnership, Subchapter S corporation or sole proprietorship, bidders shall submit a statement setting forth the names and addresses of all stockholders in the corporation or partnership who own (10%) ten percent or more of its stock of any class, or of all individual partners in the

partnership who own a ten percent or greater interest therein. The included Statement of ownership shall be completed and attached to the bid proposal. This requirement applies to all forms of corporations and partnerships, including, but not limited to, limited partnerships, limited liability corporations, limited liability partnerships and Subchapter S corporations. Failure to submit a stockholder disclosure document shall result in rejection of the bid.

D. PROOF OF BUSINESS REGISTRATION

N.J.S.A. 52:32-44 requires that each bidder (contractor) submit proof of business registration. Certificate must be submitted prior to award of the contract and the bidder had to have obtained the BRC prior to receipt of bids. A BRC is obtained from the New Jersey Division of Revenue. Information on obtaining a BRC is available on the internet at www.nj.gov/njbgs or by phone at (609) 292-1730. N.J.S.A. 52:32-44 imposes the following requirements on contractors and all subcontractors that **knowingly** provide goods or perform services for a contractor fulfilling this contract:

- 1) The contractor shall provide written notice to its subcontractors and suppliers to submit proof of business registration to the contractor;
- 2) Prior to receipt of final payment from a contracting agency, a contractor must submit to the contracting agency an accurate list of all subcontractors or attest that none was used;
- 3) During the term of this contract, the contractor and its affiliates shall collect and remit, and shall notify all subcontractors and their affiliates that they must collect and remit to the Director, New Jersey Division of Taxation, the use tax due pursuant to the Sales and Use Tax Act, (N.J.S.A. 54:32B-1 et seq.) on all sales of tangible personal property delivered into this State.

A contractor, subcontractor or supplier who fails to provide proof of business registration or provides false business registration information shall be liable to a penalty of \$25 for each day of violation, not to exceed \$50,000 for each business registration not properly provided or maintained under a contract with a contracting agency. Information on the law and its requirements is available by calling (609) 292-1730.

If boxes of the following items are checked, they are mandatory requirements of the bid proposal and contract.

☒ E. NEW JERSEY WORKER AND COMMUNITY RIGHT TO KNOW ACT

The manufacturer or supplier of chemical substances or mixtures shall label them in accordance with the N.J. Worker and Community Right to Know Law (N.J.S.A. 34:5A-1 et seq., and N.J.A.C. 8:59-2 et seq.). Containers that the law and rules require to be labeled shall show the Chemical Abstracts Service number of all the components and the chemical name. Further, all applicable Material Safety Data Sheets (MSDS) - hazardous substance fact sheet - must be furnished.

☐ F. PREVAILING WAGE ACT

Pursuant to N.J.S.A. 34:11-56.25 et seq., contractors on projects for public work shall adhere to all requirements of the New Jersey Prevailing Wage Act. The contractor shall be required to submit a certified payroll record to the City within ten (10) days of the payment of the wages. The contractor is also responsible for obtaining and submitting all subcontractors' certified payroll records within the aforementioned time period. The contractor shall submit said certified payrolls in the form set forth in N.J.A.C. 12:60-6.1(c). It is the contractor's responsibility to obtain any additional copies of the certified payroll form to be submitted by contacting the New Jersey Department of Labor and Workforce Development, Division of Workplace Standards. Bidders are cautioned to take into consideration statutory legal requirements, particularly, the payment of prevailing wages. It is Bidder's sole responsibility for determining the correct labor classification(s) and paying the correct and proper wage and benefits and it is imperative that the Contractor familiarize itself with the current wage and benefit rates before submitting bids based on these specifications. **NOTE: Additional information and current wage rates are available at: http://lwd.state.nj.us/labor/wagehour/wagehour_index.html.**

☐ G. THE PUBLIC WORKS CONTRACTOR REGISTRATION ACT

N.J.S.A. 34:11-56.48 et seq. requires that a general or prime contractor and any listed subcontractors named in the contractor's bid proposal shall possess a certificate *at the time the bid proposal is submitted*. After bid proposals are received and prior to award of contract, the successful contractor shall submit a copy of the contractor's certification along with those of all listed subcontractors. All non-listed subcontractors and lower tier sub-subcontractors shall be registered prior to starting work on the project. It is the general contractor's responsibility that all non-listed sub-contractors at any tier have their certificate prior to starting work on the job.

Under the law a "contractor" is "a person, partnership, association, joint stock company, trust, corporation or other legal business entity or successor thereof who enters into a contract" which is subject to the provisions of the New Jersey Prevailing Wage Act [N.J.S.A. 34:11-56.25, et seq.] It applies to contractors based in New Jersey or in another state.

The law defines "public works projects" as contracts for "public work" as defined in the Prevailing Wage statute [N.J.S.A. 34:11-56.26(5)]. The term means:

- "Construction, reconstruction, demolition, alteration, or repair work, or maintenance work, including painting and decorating, done under contract and paid for in whole or in part out of the funds of a public body, except work performed under a rehabilitation program.
- "Public work" shall also mean construction, reconstruction, demolition, alteration, or repair work, done on any property or premises, whether or not the work is paid for from public funds..."
- "Maintenance work" means the repair of existing facilities when the size, type or extent of such facilities is not thereby changed or increased. While "maintenance" includes painting and decorating and is covered under the law, it does not include work such as routine landscape maintenance or janitorial services.

To register, a contractor must provide the State Department of Labor with a full and accurately completed application form. The form is available online at

http://lwd.state.nj.us/labor/wagehour/regperm/pw_cont_reg.html

N.J.S.A. 34:11-56.55 specifically prohibits accepting applications for registration as a substitute for a certificate of registration.

☐ H. NON-COLLUSION AFFIDAVIT (**Not Applicable**)

The Affidavit shall be properly executed and submitted with the bid proposal.

I. PAY TO PLAY

Starting in January, 2007, business entities are advised of their responsibility to file an annual disclosure statement of political contributions with the New Jersey Election Law Enforcement Commission (ELEC) pursuant to N.J.S.A. 19:44A-20.27 if they receive contracts in excess of \$50,000 from public entities in a calendar year.

Business entities are responsible for determining if filing is necessary. Additional information on this requirement is available from ELEC at 888-313-3532 or at www.elec.state.nj.us.

J. NJ ONE CALL

By presenting a bid, contractor declares that he is aware of and, if required, will comply with the requirements of the "Underground Facility Protection Act (Public Law 1994, Chapter 118)" prior to commencing any intended excavation. The telephone number to call is 1-800-272-1000. The successful bidder will be required to show compliance with the requirement by submitting to the appropriate project coordinator the confirmation number obtained from ONE-CALL before any excavation is undertaken.

VIII. METHOD OF CONTRACT AWARD

- A. The length of the contract shall be stated in the technical specifications. Pursuant to requirements of N.J.A.C. 5:30-5.1 et seq., any contract resulting from this bid shall be subject to the availability and appropriation of sufficient funds annually. Please see Section X, Termination of Contract, Sub-section E, for additional information.
- B. If the award is to be made on the basis of a base bid only, it shall be made to that responsible bidder submitting the lowest base bid.
- C. If the award is to be made on the basis of a combination of a base bid with selected options, it shall be made to that responsible bidder submitting the lowest net bid.
- D. The City may also elect to award the contract on the basis of unit prices.
- E. The form of contract shall be submitted by the City to the successful bidder. Terms of the specifications/bid package prevail. Bidder exceptions must be formally accepted by the City.
- G. **Choice of Law:** The agreement with the successful bidder shall be construed in accordance with the laws of the State of New Jersey. In the event of litigation or other legal proceedings commenced to enforce the terms of the agreement, the venue of such litigation shall be the Superior Court of New Jersey, Cumberland County.

IX. CAUSES FOR REJECTING BIDS

Bids may be rejected for any of the following reasons:

- A. All bids pursuant to N.J.S.A. 40A:11-13.2;
- B. If more than one bid is received from an individual, firm or partnership, corporation or association under the same name;
- C. Multiple bids from an agent representing competing bidders;
- D. The bid is inappropriately unbalanced;
- E. The bidder is determined to possess, pursuant to N.J.S.A. 40A:11-4b, Prior Negative Experience; or,
- F. If the successful bidder fails to enter into a contract within 21 days, Sundays and holidays excepted, or as otherwise agreed upon by the parties to the contract. In this case at its option, the City may accept the bid of the next lowest responsible bidder. (N.J.S.A. 40A:11-24b)

X. TERMINATION OF CONTRACT

- A. If, through any cause, the contractor shall fail to fulfill in a timely and proper manner obligations under the contract or if the contractor shall violate any of the requirements of the contract, the City shall there upon have the right to terminate the contract by giving written notice to the contractor of such termination and specifying the effective date of termination. Such termination shall relieve the City of any obligation for balances to the contractor of any sum or sums set forth in the contract. City will pay only for goods and services accepted prior to termination.
- B. Notwithstanding the above, the contractor shall not be relieved of liability to the City for damages sustained by the City by virtue of any breach of the contract by the contractor and the City may withhold any payments to the contractor for the purpose of compensation until such time as the exact amount of the damage due the City from the contractor is determined.
- C. The contractor agrees to indemnify and hold the City harmless from any liability to subcontractors/suppliers concerning payment for work performed or goods supplied arising out of the lawful termination of the contract by the City under this provision.
- D. In case of default by the contractor, the City may procure the goods or services from other sources and hold the contractor responsible for any excess cost.
- E. Continuation of the terms of the contract beyond the fiscal year is contingent on availability of funds in the following year's budget. In the event of unavailability of such funds, the City reserves the right to cancel the contract.
- F. ACQUISITION, MERGER, SALE AND/OR TRANSFER OF BUSINESS, ETC.

It is understood by all parties that if, during the life of the contract, the contractor disposes of his/her business concern by acquisition, merger, sale and or/transfer or by any means convey his/her interest(s) to another party, all obligations are transferred to that new party. In this event, the new City(s) will be required to submit all documentation/legal instruments that were required in the original bid/contract. Any change shall be approved by the City.

- G. The contractor will not assign any interest in the contract and shall not transfer any interest in the same without the prior written consent of the City.
- H. The City may terminate the contract for convenience by providing 60 calendar days advanced notice to the contractor.

XI. PAYMENT

- A. No payment will be made unless duly authorized by the City's authorized representative and accompanied by proper documentation.
- B. Payment will be made in accordance with the City's policy and procedures.

XII. W-9

- A. Bidder shall complete W-9 form and submit to the City of Vineland Purchasing Department prior to contract award. This form is available at the following link:
<http://www.irs.gov/pub/irs-pdf/fw9.pdf?portlet=3>

XIII. Contract Records

As per N.J.A.C. 17:44-2.2 Vendor shall maintain all documentation related to products, transactions or services under this contract for a period of five years from the date of final payment. Such records shall be made available to the New Jersey Office of the State Comptroller upon request.

**AMERICANS WITH DISABILITIES ACT OF
1990
Equal Opportunity for Individuals with
Disability**

The contractor and the City of Vineland, (hereafter "City") do hereby agree that the provisions of Title 11 of the Americans with Disabilities Act of 1990 (the "Act") (42 U.S.C. SJ 21 01 et seq.), which prohibits discrimination on the basis of disability by public entities in all services, programs, and activities provided or made available by public entities, and the rules and regulations promulgated pursuant there unto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the City pursuant to this contract, the contractor agrees that the performance shall be in strict compliance with the Act. In the event that the contractor, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the contractor shall defend the City in any action or administrative proceeding commenced pursuant to this Act. The contractor shall indemnify, protect, and save harmless the City, its agents, servants, and employees from and against any and all suits, claims, losses, demands, or damages, of whatever kind or nature arising out of or claimed to arise out of the alleged violation. The contractor shall, at its own expense, appear, defend, and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the City's grievance procedure, the contractor agrees to abide by any decision of the City which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the City, or if the City incurs any expense to cure a violation of the ADA which has been brought pursuant to its grievance procedure, the contractor shall satisfy and discharge the same at its own expense.

The City shall, as soon as practicable after a claim has been made against it, give written notice thereof to the contractor along with full and complete particulars of the claim, if any action or administrative proceeding is brought against the City or any of its agents, servants, and employees, the City shall expeditiously forward or have forwarded to the contractor every demand, complaint, notice, summons, pleading, or other process received by the City or its representatives.

It is expressly agreed and understood that any approval by the City of the services provided by the contractor pursuant to this contract will not relieve the contractor of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the City pursuant to this paragraph.

It is further agreed and understood that the City assumes no obligation to indemnify or save harmless the contractor, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the contractor expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the contractor's obligations assumed in this Agreement, nor shall they be construed to relieve the contractor from any liability, nor preclude the City from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.

**NEW JERSEY ANTI-DISCRIMINATION PROVISIONS
NJ.S.A.10:2-1 ET SEQ.**

Pursuant to NJ.S.A. 10:2-1, if awarded a contract, the contractor agrees that:

- A. In the hiring of persons for the performance of work under this contract or any subcontract hereunder, or for the procurement, manufacture, assembling or furnishing of any such materials, equipment, supplies or services to be acquired under this contract, no contractor, nor any person acting on behalf of such contractor or subcontractor, shall, by reason of race, creed, color, national origin, ancestry, marital status, gender identity or expression, affectional or sexual orientation or sex, discriminate against any person who is qualified and available to perform the work to which the employment relates;
- B. No contractor, subcontractor, nor any person on his behalf shall, in any manner, discriminate against or intimidate any employee engaged in the performance of work under this contract or any subcontract hereunder, or engaged in the procurement, manufacture, assembling or furnishing of any such materials, equipment, supplies or services to be acquired under such contract, on account of race, creed, color, national origin, ancestry, marital status, gender identity or expression, affectional or sexual orientation or sex;
- C. There may be deducted from the amount payable to the contractor by the contracting public agency, under this contract, a penalty of \$50.00 for each person for each calendar day during which such person is discriminated against or intimidated in violation of the provisions of the contract; and
- D. This contract may be canceled or terminated by the contracting public agency, and all money due or to become due hereunder may be forfeited, for any violation of this section of the contract occurring after notice to the contractor from the contracting public agency of any prior violation of this section of the contract.

Goods and Services Contracts (including Purchase Orders)

***Construction Contracts (including Public Works related Purchase Orders)**

N.J.S.A. 52:32-44 imposes the following requirements on contractors and all subcontractors that knowingly provide goods or perform services for a contractor fulfilling this contract:

1. The contractor shall provide written notice to its subcontractors and suppliers to submit proof of business registration to the contractor;
2. Subcontractors through all tiers of a project must provide written notice to their subcontractors and suppliers to submit proof of business registration and subcontractors shall collect such proofs of business registration and maintain them on file;
3. Prior to receipt of final payment from a contracting agency, a contractor must submit to the contracting agency an accurate list of all subcontractors and suppliers or attest that none was used;
4. During the term of this contract, the contractor and its affiliates shall collect and remit and shall notify all subcontractors and their affiliates that they must collect and remit to the Director, New Jersey Division of Taxation, the use tax due pursuant to the Sales and Use Tax Act, (N.J.S.A. 54:32B-1 et seq.) on all sale of tangible personal property delivered into this State.

Pursuant to J.J.S.A. 54:49-4.1, a business organization that fails to provide a copy of a business registration as required, or that provides false business registration information, shall be liable for a penalty of \$25 for each day of violation, not to exceed \$50,000, for each proof of business registration not properly provided under a contract with a contracting agency. Information on the law and its requirements is available by calling (609) 292-9292.

NEW JERSEY BUSINESS REGISTRATION

Pursuant to P.L. 2004, c.57, all consultants (both in-state and out-of-state) must obtain a Business Registration Certificate (BRC) from the New Jersey Department of the Treasury, Division of Revenue prior to conducting business with the NJTPA. A consultant or sub-consultant who fails to submit a copy of a valid BRC in accordance with the statute will be held liable for monetary penalties in accordance with N.J.S.A. 54:49-4.1. Questions regarding how to obtain a BRC can be directed to the New Jersey Division of Revenue at (609) 292-1730. The business registration form (Form NJ-REG) can be found online at:

SECTION 017400 – WASTE MANAGEMENT AND DISPOSAL

PART 1 - GENERAL CONDITIONS

1.1. Contract Documents

It is understood and agreed that the Notice to Bidders, Instructions to Bidders, Proposal, Proposal Data, Check List, Affirmative Action Regulations, Corporate Disclosure Statement, Surety Form, Contract Agreement, Performance Bond, Payment Bond, General Conditions, Release of Mechanics' Liens, Equal Employment Opportunity Requirements, Special Conditions, Contractor's Report of Property Damage, Specifications, Drawings, Addenda, and Change Orders issued by the Owner or the Engineer, and specifications and engineering data furnished by the Contractor and accepted by the Owner, wherever included in this Contract shall be adhered to by the Contractor and the work shall be done in accordance therewith.

1.2. Definitions

Words, phrases, or other expressions used in these contract documents shall be defined as follows:

- i. "Contract" or "contract documents" shall include the items enumerated above under CONTRACT DOCUMENTS.
- ii. "Owner" or "City" shall mean the City of Vineland, New Jersey, acting through its City Council and their duly authorized agents. All notices, letters, and other communication directed to the Owner shall be addressed and delivered to Joseph Colla, Principal Engineer; Vineland Municipal Electric Utility; Generation Division; 211 N. West Avenue; Vineland, New Jersey 08360.
- iii. "Contractor" shall mean the corporation, company, partnership, firm, or individual who has entered into this Contract for the performance of the work covered thereby, and its, his, or their duly authorized representatives.
- iv. "Subcontractor" shall mean and refer only to a corporation, partnership, or individual having a direct contract with the Contractor for performing work covered by these contract documents.
- v. "Engineer" shall mean the City of Vineland, New Jersey, or their duly authorized agent.
- vi. "Field Construction Manager" shall mean the Owner's representative resident at the site of the work and designated by the Owner to be in charge of the project administration and field management of the work under this Contract.
- vii. "Date of Contract," or equivalent words, shall mean the date of Contract Agreement is signed by the Contractor.
- viii. "Day" or "days" unless herein otherwise expressly defined, shall mean a calendar day or days of 24 hours each.
- ix. "The work" shall mean the equipment, supplies, materials, labor, and services to be furnished under the contract and the carrying out of all obligations imposed by the contract documents.
- x. "System" shall mean complete equipment and auxiliary systems associated with

“the work”.

- xi. “Drawings” or “plans” shall mean all (a) drawings wherever furnished by the Owner as a basis for proposals, (b) supplementary drawings wherever furnished by the owner to clarify and to define in greater detail the intent of the contract drawings and specification, (c) drawings submitted by the successful bidder with his proposal, provided such drawings are acceptable to the Owner, (d) drawings furnished by the Owner to the Contractor during the progress of the work, and (e) engineering data and drawings submitted by the Contractor during the progress of the work, provided such drawings are acceptable to the Engineer.
- xii. Whenever in these contract documents the words “as order,” “as directed,” “as required,” “as permitted,” “as allowed,” or words or phrases of like import are used, it shall be understood that the order, direction, requirement, permission, or allowance of the Owner or Engineer is intended only to the extent of judging compliance with the terms of the contract; none of these terms shall imply that the Owner or the Engineer has any authority or responsibility for supervision of the Contractor’s forces or operations, such supervision and the sole responsibility therefore Being strictly reserved for the Contractor.
- xiii. Similarly the words “approved,” “reasonable,” “suitable,” “acceptable,” “proper,” “satisfactory,” or words of like effect and import, unless otherwise specified herein, shall mean approved, reasonable, suitable, acceptable, proper, or satisfactory in the judgment of the Owner or Engineer, to the extent provided in “12” above.
- xiv. Whenever in these contract documents the expression “it is understood and agreed” or an expression of like import is used, such expression means the mutual understanding and agreement of the parties executing the Contract Agreement.

1.3. Execution of Contract

The original and two copies of the contract documents will be prepared by the Owner. All Copies will be submitted to the Contractor and the Contractor shall execute the Contract Agreement, along with executed copies of the required bonds and power of attorney, and submit the two copies to the Owner. The original contract documents are for the Contractor’s records.

1.4. Legal Addresses

The business address of the Contractor listed in the Proposal is hereby designated as the place to which all notices, letters, and other communication to the Contractor will be mailed or delivered. The address of the Owner appearing on Page GC-1 is hereby designated as the place to which all notices, letters, and other communication to the Owner shall be mailed or delivered. Either party may change his address at any time by an instrument in writing delivered to the Engineer and to the other party.

1.5. Governing Law

This Contract shall be governed by the laws of the State of New Jersey. Any action, legal or equitable, relating to this Contract shall be filed in the State of New Jersey.

All parties to this Contract are bound by the appropriate provisions of the New Jersey Local Public Contract Laws which is a prerequisite to any payment by the City. This law is applicable to this Contract in total and in particular to change orders which must be pre-approved by the City

pursuant to law.

1.6. Scope and Intent of Contract Documents

The various parts of the contract documents are intended to supplement but not necessarily duplicate each other. Any work exhibited in one part and not in another shall be executed as if it had been set forth in all parts, so that the work will be performed as determined by the Engineer.

Should anything necessary for a clear understanding of the work be omitted from the contract documents, or should the requirements appear to be in conflict, the Contractor shall secure written instructions from the Engineer before proceeding with the work affected thereby. It is understood and agreed that the work shall be performed according to the true intent of the contract documents.

1.7. Independent Contractor

The relationship of the Contractor to the Owner shall be that of an independent contractor.

1.8. Assignment and Subcontracting

The Contractor shall not assign or subcontract the work, or any part thereof, without the previous written consent of the Owner, nor shall he assign, by power of attorney or otherwise, any of the money payable under this Contract unless written consent of the

Owner has been obtained. No right under this Contract, nor claim for any money due or to become due here under shall be asserted against the Owner, or persons acting for the Owner, by reason of any so-called assignment of this Contract or any part thereof, unless such assignment has been authorized by the written consent of the Owner. In case the Contractor is permitted to assign monies due or to become due under this Contract, the instrument of assignment shall contain a clause subordinating the claim of the assignee to all prior liens for services rendered or materials supplied for the performance of the work.

Should any subcontractor fail to perform in a satisfactory manner the work undertaken by him, his subcontract shall be immediately terminated by the Contractor upon notice from the Owner. The Contractor shall be as fully responsible and accountable to the Owner for the acts and omissions of his subcontractors, and of persons either directly or indirectly employed by them, as he is for the acts and omissions of persons directly employed by him. Nothing contained in this Contract shall create any contractual relationship between any subcontractor and the Owner.

1.9. Oral Statements

It is understood and agreed that the written terms and provisions of this agreement shall supersede all oral statements of representatives of the Owner, and oral statements shall not be effective or be construed as being a part of this Contract.

1.10. Reference Standards

Reference to the standards of any technical society, organization, or association, or to codes of local or state authorities, shall mean the latest standard, code, specification, or tentative standard adopted and published at the date of taking bids, unless specifically stated otherwise.

1.11. No Waiver of Rights

Neither the inspection by the Owner or Engineer or any of their officials, employees, or agents,

nor any order by the Owner or Engineer for payment of money, or any payment for, or acceptance of, the whole or any part of the work by the Owner or Engineer, nor any extension of time, nor any possession taken by the Owner or its employees, shall operate as a waiver of any provision of this Contract, or of any power herein reserved to the Owner, or any right to damages herein provided, nor shall any waiver of any breach in this Contract be held to be a waiver of any other or subsequent breach.

1.12. Authority of the Engineer

To prevent delays and disputes, and to discourage litigation, it is agreed by the parties to this Contract that the Engineer shall determine all questions in relation to the work.

If in the opinion of the Contractor or the Owner a decision made by the Engineer is not in accordance with the meaning and intent of the contract, either party may file with the Engineer and the other party to the contract, within 30 days after receipt of the decision, a written objection to the decision. Failure to file an objection within the allotted time will be considered acceptance of the Engineer's decision and the decision shall become final and conclusive.

The Engineer's decision and the filing of the written objection thereto shall be a condition precedent to the right to request arbitration or to start action in court.

It is the intent of this agreement that there shall be no delay in the execution of the work and the decision of the Engineer as rendered shall be promptly observed.

1.13. Engineering Inspection

The Owner may appoint (either directly or through the Engineer) such inspectors as the Owner deems proper to inspect the work for compliance with the contract documents. The Contractor shall furnish all reasonable assistance required by the Engineer, or inspectors, for the proper inspection of the work. Should the Contractor object to any interpretation of the contract by an inspector, the Contractor may make written appeal to the Engineer for a decision.

Inspectors shall have the authority to reject work which is unsatisfactory, faulty, or defective or does not conform to the requirements of the contract documents. Inspection shall not relieve the Contractor from any obligation to perform the work strictly in accordance with the contract documents.

1.14. Contractor Default

If the work to be done under this Contract is abandoned by the Contractor; or if this Contract is assigned by him without the written consent of the Owner; or if the Contractor is adjudged bankrupt; or if a general assignment of his assets is made for the benefit of his creditors; or if a receiver is appointed for the Contractor or any of his property; or if at any time the Engineer certifies in writing to the Owner that the performance of the work under this Contract is being unnecessarily delayed, that the Contractor is violating any of the conditions of this Contract, or that he is executing the same in bad faith or otherwise not in accordance with the terms of said contract; or if the work is not substantially completed within the time named for its completion or within the time to which such completion date may be extended; then the Owner may serve written notice upon the Contractor and his surety of the Owner's intention to terminate this Contract. Unless within 5 days after the serving of such notice, a satisfactory arrangement is made for continuance, this Contract shall terminate. In the event of such termination, the surety shall have the right to take over and complete the work, provided that if the surety does not commence performance within 30 days, the Owner may take over and prosecute the work

to completion, by contract or otherwise. The Contractor and his surety shall be liable to the Owner for all excess cost sustained by the Owner by reason of such prosecution and completion. The Owner may take possession of, and utilize in completing the work, all materials, equipment, tools, and plant on the site of the work.

1.15. Hindrances and Delays

The Contractor expressly agrees that in undertaking to complete the work within the time specified, he has made allowances for all hindrances and delays which might usually be expected to occur in performing the work. No claims shall be made by the Contractor for such hindrances and delays.

If the Contractor is delayed at any time in the progress of the work by any act or neglect of the Owner or of any employee of the Owner, or by any separate contractor employed by the Owner, or by changes ordered in the work, or by strikes, lockouts, fire, unusual delay in transportation, unavoidable casualties or any causes beyond the Contractor's control, or by any cause which the Engineer shall decide justifies a delay, then the time of completion shall be extended for such reasonable time as the Engineer may decide. The Contractor may be entitled to compensation for additional work if Contractor is required to perform work beyond the scope of the initial contract work, and the work was not required because of Contractor's fault or the delay is caused solely by the Owner.

No such extension of time will be made for a delay occurring more than 7 days before claim therefore is made in writing to the Engineer. Such claims for extension of time will, in all cases, include a detailed critical path analysis illustrating the reason for the claims and firmly establishing the days in question. In the case of a continuing cause of delay, only one claim is necessary. The Contractor shall use all reasonable means to minimize the extent of the delay.

1.16. Suspension of Work

The Owner reserves the right to suspend and reinstate execution of the whole or any part of the work without invalidating the provisions of the contract.

Suspension or reinstatement of the work will be by written notice to the Contractor from the Owner.

Suspension of work shall not automatically entitle the Contractor of additional compensation or a change in the contract time; however, the Contractor will be reimbursed for real and unavoidable direct costs incurred by him as a result of such suspension and/or the contract will be extended as required to compensate for any delay due to such suspension.

Claims by the Contractor for change of contract time due to work suspensions ordered by the Owner shall be made in accordance with the requirements of Section 1.20, CHANGES TO THE CONTRACT. The Contractor shall use all reasonable means to minimize the consequences of such suspension.

1.17. Delayed Shipment

The Owner reserves the right to order the Contractor to delay shipment of equipment and materials herein contracted. In the event such a delay is ordered by the Owner in writing, the Owner will pay the Contractor reasonable and proper extra charges incurred by the Contractor as a result of the delay. Such extra charges shall include storage charges, handling charges, insurance, interest on investment, and transportation charges to the storage facility.

1.18. Cancellation of Work

The Owner reserves the right to cancel work by giving written notice to the Contractor. In the event of cancellation, the Owner will pay the Contractor reasonable and proper cancellation costs. Cancellation of the work shall not constitute the basis for a claim for damages or loss of anticipated profits.

The Contractor shall, after consultation with the Owner, take all reasonable steps to minimize the costs related to cancellation. The Contractor shall provide the Owner with an accounting of costs claimed, including adequate supporting information, and the Owner may, at its expense, audit the claimed costs and supporting information.

1.19. Modifications

The Contractor shall modify the work whenever so ordered by the Owner and such modifications shall not affect the validity of the contract. Modifications may involve changes in the amount of the work to be performed or changes in the contract time for which appropriate changes to the contract will be made. Contract changes due to modifications shall be made in accordance with the requirements of Article GC.20, CHANGES TO THE CONTRACT.

1.20. Changes to the Contract

The contract may be changed only by duly executed change orders issued by the Owner. If, in the opinion of the Owner or the Contractor, any event or action by the other party justifies a change in the contract, either party shall initiate with the other party, within 5 days after such event or action, a request for a change to the contract. All documentation required to substantiate the proposed change shall be submitted within a minimum reasonable time after initiating the request for change. Upon the parties reaching agreement regarding the proposed change, the Owner will issue a written change order therefor.

Notwithstanding the foregoing provisions requiring duly authorized change orders, in the event an agreement has been reached between authorized representatives of the parties regarding the change in the contract pending processing of such change order, the Contractor shall proceed with the work on the basis of written interim authorization from the Owner.

If the Contractor claims that any instruction, request, drawing, specifications or other directive or action of the Owner or the Engineer constitutes a change in the contract, but has not been authorized as such by a change order in writing by the Owner, the Contractor shall immediately request a written interim authorization and proceed without delay to perform the work in accordance with such authorization. The Contractor shall provide written notice of the claim or dispute to the Owner within 5 days of the request for interim authorization. The Contractor's failure to give said written notice within the 5 day period shall constitute a waiver and relinquishment of any such claim or dispute. The Owner's written interim authorization shall not constitute approval of the claim for increased or decreased work, but shall be a condition precedent to the Contractor's right to receive payment for such work and to the Contractor's right to prosecute or maintain any proceeding to recover for such work.

A. Contract Price Changes

The contract price may be changed due to modifications which involve extra work or decreased work.

B. Increased Price

If a change in the contract price is authorized, the contract price will be increased according to agreed lump sums, agreed acceleration costs, or other demonstrable costs submitted by the Contractor and substantiated to the satisfaction of the Owner.

Contract price changes for modifications involving extra work will be based on agreed lump sums or on agreed unit prices whenever the Owner and the Contractor agree upon such prices before the extra work is started; otherwise, payments for extra work will be based on actual direct cost plus the specified percentage allowance.

For the purpose of determining whether proposed extra work will be authorized, or for determining the payment method for extra work, the Contractor shall submit to the Owner, upon request, a detailed cost estimate for proposed extra work. The estimate shall indicate itemized quantities and charges for all elements of direct cost. Charges for the Contractor's and subcontractor's extra profit, extra general supervision, extra field office expense, and extra overheads shall be indicated as a percentage addition to the total estimated direct cost. Unless otherwise agreed upon by the Contractor and the Owner, such percentage additions shall be 10 percent for the extra work performed by the Contractor's own forces or 15 percent for extra work performed by a subcontractor.

When payment for extra work is based on actual direct cost, the Contractor will be paid the actual direct cost plus an allowance of 10 percent if the extra work is performed by the Contractor's own forces or 15 percent if the extra work is performed by a subcontractor. The allowance will be paid as full compensation for the Contractor's and subcontractor's extra profit, extra general supervision, extra field office expense, extra overheads, and all other elements of extra cost not defined herein as actual direct cost.

The actual direct cost shall include only those extra costs for labor and material expended in direct performance of the extra work and may include the following:

- a. The actual payroll costs of all workmen such as laborers, mechanics, craftsmen, and foremen.
- b. The Contractor's or subcontractor's net cost for materials and supplies.
- c. The rental charge for vehicles and construction equipment.
- d. The transportation charges for equipment.
- e. The charges for extra power, fuel, lubricants, water, and special services.
- f. The charges for extra payroll taxes, bond premiums, and insurance premiums.

The form in which actual direct cost records are kept, the construction methods, and the type and quantity of equipment used shall be acceptable to the Owner.

Equipment which the Contractor has on the job site and which is of a type and size suitable for use in performing the extra work shall be used. The hourly rental charges for equipment shall not exceed one half of one percent of the latest applicable monthly rental rates as published by Dataquest Incorporated in its "Rental Rate Blue Book" and shall apply to only the actual time the equipment is used in performing

the extra work.

When extra work requires the use of equipment which the Contractor does not have on the job site, the Contractor shall obtain the concurrence of the Owner before renting or otherwise acquiring additional equipment. The rental charges for the additional equipment shall not exceed the latest applicable "Rental Rate Blue Book" published rental rates.

C. Decreased Price

If a change in the contract price is required due to a modification which decreases the amount of work, such decrease shall not constitute the basis for a claim for damages or anticipated profits on work affected by such decrease. Where the value of omitted work is not covered by applicable unit prices, the parties shall determine on an equitable basis the amount of (a) credit due the Owner for contract work deleted as a result of an authorized change, (b) allowance to the Contractor for any actual loss incurred in connection with the purchase, delivery, and subsequent disposal of materials or equipment required for use on the work as planned and which could not be used in any part of the work as actually built, and (c) any other adjustment of the contract amount where the method to be used in making such adjustment is not clearly defined in the contract documents.

D. Contract Time Changes

The contract time may be changed due to work modifications, hindrances and delays, and work suspensions over which the Contractor has no control.

Contract time will not be changed for delays caused by unfavorable weather or unsuitable ground conditions normally incident to the work, inadequate construction force, on site labor disputes, failure to place timely orders for equipment and materials, or other causes within the control of the Contractor.

1.21. Arbitration

Before bringing any action in court pertaining to a decision of the Engineer, or claim, dispute, or other matter in question between the Owner and Contractor arising out of, or relating to the contract documents or the breach thereof, the objector (hereinafter referred to as Party A) to the contract (hereinafter referred to as Party B) by notifying him in writing and setting forth in such notice the question to be arbitrated.

Party B can elect to arbitrate or not. If Party B agrees to arbitrate, he shall so advise Party A in writing within 10 days after receipt of Party A's notice. Notice by Party B that he does not wish to arbitrate, or failure of Party B to notify Party A with the 10 day period, will give Party A the right to start action in court.

If Party B agrees to arbitrate, the arbitration proceeding shall be governed by the Construction Industry Arbitration Rules or Commercial Arbitration Rules of the American Arbitration Association as appropriate for the matter to be arbitrated. The award rendered by the arbitrators shall be final, and judgment may be entered upon it in any court having jurisdiction.

The Contractor shall not cause a delay of the work during any arbitration proceedings, except by agreement with the Owner. It is understood and agreed by the parties to the contract that no requirement or statement therein shall be interpreted as curtailing the power of the Engineer to determine the amount, quality, and acceptability of work.

1.22. Laws and Regulations

The Contractor shall observe and comply with all Federal, state and local ordinances, laws, codes, and regulations and all other applicable requirements of authorities having jurisdiction over the work, including the Federal "Safety and Health Regulations for Construction" and the New Jersey Public Employees Occupational Safety and Health Act (N.J.A.C. 34:6A-25 et seq.), and shall protect and indemnify the Owner and the Owner's officers and agents, including the Engineer, against any claim or liability arising from or based upon any failure or alleged failure of the Contractor to comply with the same.

The provisions of Chapter 150 of the Laws of 1963 as amended by Chapter 64 of the Laws of 1974, New Jersey Statutes, Prevailing Wage Rates on Public Contracts, as determined by the Department of Labor and Industry, are applicable to this Contract.

1.23. Taxes, Permits, and Licenses

Unless otherwise specified in these contract documents, the Contractor shall pay all sales, use, and other taxes that are lawfully assessed against the Owner or Contractor in connection with the work and shall obtain and pay for all required licenses, permits, and inspections. The City is exempt from New Jersey Sales and use taxes. New Jersey sales use taxes shall not be included in the contract prices.

The Contractor will be compensated for any increases in tax rates, license fees, and permit fees or any new taxes, licenses, or permits imposed after the date of the Proposal; provided however, that this provision shall be limited to sales, use, and excise taxes assessed against the completed work and to licenses and permits required specifically for proposed work.

The Contractor shall be responsible for obtaining the necessary construction permits from the City of Vineland's Department of Licenses and Inspection before any work is to begin. NO fee is required, however, failure to obtain the required permits may result in fines and/or penalties which shall be paid by the Contractor.

1.24. Materials and Equipment

Unless specifically provided otherwise in each case, all materials and equipment furnished for permanent installation in the work shall conform to applicable standard specifications and shall be new, unused, and undamaged when installed or otherwise incorporated in the work. No such material or equipment shall be used by the Contractor for any purpose other than that intended or specified, unless such use is specifically authorized by the Owner in each case.

1.25. Insurance

Except as otherwise specified on this Contract, the Contractor and his subcontractors of any tier will be required, at their own expense, to maintain in effect at all times during the performance of the work insurance coverage with limits not less than those set forth below with insurers and under forms of policies satisfactory to the Owner. It shall be the responsibility of the Contractor to maintain adequate insurance coverage and to assure that subcontractors are adequately insured at all times. Failure of the Contractor to maintain adequate coverage shall not relieve him of any contractual responsibility or obligation

The requirements specified herein as to types, limits, and Owner's approval of insurance coverage to be maintained by the Contractor and his subcontractors are not intended to and shall not in any manner limit or qualify the liabilities and obligations assumed by the Contractor and his subcontractors under this Contract.

Any insurance carried by the Owner or the Engineer which may be applicable shall be deemed to be excess insurance and the Contractor's insurance primary for all purposes despite any conflicting provision in the Contractor's policies to the contrary.

The workmen's compensation and employer's liability, automobile liability, general liability, and umbrella liability insurance specified shall apply only to field erection and field services such as manufacturer's technical direction, field testing, and similar work not included as part of the normal manufacturing process.

For insurance purposes, the title of ownership of equipment and materials furnished under this Contract shall remain with the Contractor until official acceptance of the work by the Owner, or until the Owner has secured insurance coverage of the equipment and materials, whichever first may occur.

A. Certificates of Insureds

The Contractor and his subcontractors shall furnish the Owner with certificates of insurance as evidence that policies providing the required coverage's and limits of insurance are in full force and effect. The certificates shall provide that any company issuing an insurance policy for the work under this Contract shall provide not less than 30 days advance notice in writing to the Owner and the Engineer prior to cancellation, termination, or material change of any policy of insurance. In addition, the Contractor shall immediately provide written notice to the Owner and Engineer upon receipt of notice of cancellation of an insurance policy or a decision to terminate or alter an insurance policy. All certificates of insurance shall clearly state that all applicable requirements have been satisfied, including certification that the policies are of the "occurrence" type.

Certificates of insurance for Contractor- and subcontractor-furnished insurance and notices of any cancellations, terminations, or alterations of such policies shall be mailed to the Owner and the Engineer at the addresses listed in Article GC.2.

Each certificate shall quote the insuring agreement and all exclusions and additions as they appear in the policy; or in lieu of certificates, copies of the complete policy may be submitted.

Certificates of insurance covering physical loss or damage to equipment and materials shall be submitted at least 30 days before the first shipment of the equipment and materials. A certificate for each of the other insurance policies shall be submitted at least 30 days prior to the expected arrival of the Contractor's personnel at the site of installation.

B. Additional Insureds

All insurance coverage's furnished under this Contract shall include the Owner, the Engineer, and their officials, partners, directors, officers, agents, and employees as additional Insureds with respect to the activities of the Contractor and his subcontractors.

These policies shall contain a "cross liability" or "severability of interest" clause or endorsement. Notwithstanding any other provision of these policies, the insurance afforded shall apply separately to each insured, named insured, or additional insured with respect to any claim, suit, or judgment made or brought by or for any other

insured, named insured, or additional insured as though a separate policy had been issued to each, except the insurer's liability shall not be increased beyond the amount or amounts for which the insurer would have been liable had only one insured been named.

The Owner or the Engineer shall not by reason of their inclusion under these policies incur liability to the insurance carrier for payment of premium for these policies.

C. Waiver of Subrogation

The Contractor and his subcontractors shall require their insurance carriers, with respect to all insurance policies, to waive all rights of subrogation against the Owner and the Engineer, their partners, directors, officers, agents, and employees and against other contractors and subcontractors.

D. Workmen's Compensation and Employer's Liability

This insurance shall protect the Contractor and the additional Insureds against all claims under applicable state workmen's compensation laws. The Insureds shall also be protected against claims for injury, disease, or death of employees which, for any reason, may not fall within the provisions of a workmen's compensation law. This policy shall include an "all states" endorsements. The liability limits shall not be less than:

Workmen's compensation Statutory

Employer's liability \$250,000 each occurrence

E. Comprehensive Automobile Liability

This insurance shall be written in comprehensive form and shall protect the Contractor and the additional Insureds against all claims for injuries to members of the public and damage to property of others arising from the use of motor vehicles, and shall cover operation on or off the site of all motor vehicles licensed for highway use, whether they are owned, non-owned, or hired.

The liability limits shall not be less than:

Bodily injury and \$1,000,000 combined single
property damage limit each occurrence

F. Comprehensive General Liability

This insurance shall be an "occurrence" type policy in written in comprehensive form and shall protect the Contractor and the additional Insureds against all claims arising from bodily injury, sickness, disease, or death of any person other than the Contractor's employee's or damage to property of the Owner or others arising out of any act or omission of the Contractor or his agents, employees, or subcontractors. This policy shall also include

protection against claims insured by usual personal injury liability coverage, a "protective liability" endorsement to insure the contractual liability assumed by the Contractor under the article entitled INDEMNIFICATION, and "Completed Operations and Products Liability" coverage (to remain in force for 2 years after final payment).

The liability limits shall not be less than:

Personal injury and	\$1,000,000 combined single
property damage	limit each occurrence and
	\$1,000,000 aggregate

If the Contractor's work, or work under his direction, requires blasting, explosive conditions, or underground operations, the comprehensive general liability coverage shall contain no exclusion relative to blasting, explosion, collapse of structures, or damage to underground property.

G. Umbrella Liability Policy

This insurance shall protect the Contractor and the additional Insureds against all claims in excess of the limits provided under the employer's liability, comprehensive automobile liability, and comprehensive general liability policies. The liability limits of the umbrella liability policy shall not be less than \$500,000. The policy shall be an "occurrence" type policy.

H. Installation Floaters/Builder's Risk

This insurance shall protect the Contractor and the additional Insureds from all insurable risks of physical loss or damage to buildings and structures and to materials and equipment while at the site or in transit to the site, while in warehouses or storage areas, during installation, during testing, and after the work is completed. This insurance shall include coverage for flood and earthquake.

The amount of the installation floater/builder's risk insurance shall be not less than the insurable value of the work at completion and shall include the aggregate value of Owner-furnished equipment and materials to be erected or installed under this Contract.

Installation floater/builder's risk insurance shall provide for losses to be payable to the Contractor and the additional Insureds as their interest may appear.

If the work does not include the construction of building structures, builder's risk insurance may be omitted providing the installation floater insurance fully covers all work.

1.26. Indemnification

To the fullest extent permitted by laws and regulations, the Contractor shall defend, indemnify, and hold harmless the Owner and Engineer and their officials, officers, directors, partners, consultants, agents, and employees from and against all claims, damages, losses, and expenses, (including but not limited to fees and charges of engineers, architects, attorneys, and other professionals and court and arbitration costs) arising out of or resulting from the performance of the work by the Contractor, any subcontractor, any person or organization directly or indirectly employed by any of them to perform or furnish any of the work or anyone for whose acts any of them may be liable, to the extent such injury or damage is due to the error, omission, or negligent act of the Contractor, his subcontractor, employees, or agents.

In any and all claims against the Owner, the Engineer, or any of their officials, officers, directors, partners, consultants, agents, or employees by any employee of the Contractor, any subcontractor, any person or organization directly or indirectly employed by any of them to

perform or furnish any of the work or anyone for whose acts any of them may be liable, this indemnification obligation shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for the Contractor or any such subcontractor or other person or organization under workers' or workmen's compensation acts, disability benefits acts, or other employee benefit acts, nor shall this indemnification obligation be limited in any way by any limitation on the amount or type of insurance coverage provided by the Owner, the Contractor, or any of his subcontractors.

1.27. Release of Liability

Acceptance by the Contractor of the last payment shall be a release to the Owner and every officer and agent thereof, from all claims and liability here under for anything done or furnished for, or relating to the work, or for any act or neglect of the Owner or of any person relating to or affecting the work.

1.28. Breakdown of Charges and Allocations of Owner's Cost

Prior to the first payment here under, the Contractor shall submit to the Owner a breakdown of charges for the several divisions and subdivisions of the work to be used as the basis for payments. The breakdown shall be in such detail as the Owner may require in order to enable the Owner to allocate the various items of cost to individual buildings and other structures and installations. The charges listed in the schedule shall be segregated by material costs and labor costs and the aggregate shall be the total contract price.

The Owner reserves the right to review with the Contractor the individual charges for individual items listed in the breakdown and the Contractor shall correct any errors.

The Contractor shall, without additional charge, furnish from time to time, as requested, such additional segregation's of charges as may be required by the Owner or the Engineer for the purpose of allocating costs of various individual buildings, structures, and each equipment installation therein or connected therewith.

Acceptance by the Owner of the cost breakdown shall only indicate consent to the breakdown as a basis for preparation of partial payment estimates and shall not constitute an agreement as to the value of each indicated item.

The sum of the items listed in the cost breakdown shall equal the contract lump sum price or prices. Overhead and profit shall not be listed as separate items.

1.29. Time and Material Payment

If certain work authorized by the Owner is to be done on a time and material basis, such as for a change order, payment vouchers shall be accompanied by a statement from the Contractor, made under oath, setting forth the number and names of every subcontractor or laborer in his employ, and of every person furnishing materials, giving the amount, if anything, which is due or to become due them, for work done or materials furnished. Regardless of any other provisions of this Contract, the Owner shall, as required by law, retain sufficient monies to pay all subcontractors, material, and men in accordance with statement provided by the Contractor.

A. Payment Withheld

The Owner may withhold or, on account of subsequently discovered evidence, nullify the whole or part of any payment certificate to such extent as may be necessary to protect the Owner from loss because of the following:

- a. Defective work not remedied
- b. Claim filed or reasonable evidence indicating probable filing of claims
- c. Failure of the Contractor to make payments properly to subcontractors or for material or labor
- d. A reasonable doubt that the contract can be completed for the balance then unpaid
- e. Damage to another contractor
- f. Work not completed

1.30. Hazardous Substances

The manufacturer or supplier of a substance or mixture shall supply the Chemical Abstracts Service number of all the components of the mixture or substance and the chemical name to the City to assure that every container bears a proper label at a City facility. This complies with P.L. 1983, Chapter 315, "Worker and Community Right to Know Act," subsection b, section 14. Further, all applicable Material Safety Data Sheets (MSDS), a/k/a hazardous substance fact sheet, must be furnished to the City of Vineland.

Should it be necessary for Contractor or those in his/her employ to enter upon the premises or property of the Owner in order to construct, repair, maintain or inspect equipment or buildings, make delivery of or remove property, or otherwise perform required services, Contractor will take all necessary precautions within his/her control to protect against accidents and damage or injury to persons or property, including the release of hazardous substances to the environment in violation of environmental regulations.

Prior to the commencement of work, Contractor shall demonstrate to Owner that all employees who will be handling or using hazardous materials, or will be working on or with equipment using or storing hazardous materials, have been adequately trained in the proper handling of such substances and the safety and discharge prevention measures associated with them. Such a demonstration should include a description of the contractor's employee training program and/or signed statements from the employees in question indicating the areas in which they have received training.

Although Contractor will be responsible for equipment which is directly under his/her control, the above-mentioned requirement for hazardous materials training does not imply responsibility for control of owner's equipment in the event of an actual or potential discharge of hazardous substances. Contractor's employees will be expected to respond to any such occurrence by notifying the appropriate representative(s) of Owner only, unless further action is within the scope of services being provided by Contractor.

Owner will familiarize Contractor's employees, to the extent that Owner's knowledge augments Contractor's and/or is specific to Owner's site, with any of Owner's equipment with which Contractor's employees will have direct contact. Owner will also inform said employees of the notification procedures to be immediately followed in the event of a hazardous substance discharge and the procedures for emergency evacuation of personnel.

The Utility will review the demonstration of training provided by the Contractor prior to awarding contracts and will require any verification deemed necessary prior to the commencement of work.

PART 2 - SPECIFICATION

2.1. Purpose

To receive, transport, and dispose of hazardous and non-hazardous waste that has been generated at the facilities of the Vineland Municipal Electric Utility and to provide other additional services for containing, handling and disposal of hazardous and non –hazardous waste generated at the above facilities, in accordance with local, state, and federal regulations governing the processes involved.

2.2. Scope of Work

- A. The work shall include all receiving, transporting, treating, and disposing of accumulated hazardous or non-hazardous wastes generated at the Utility's facilities.

Approximately 50 drums (200-400 lb/drum) per year of solid waste are generated by VMEU. The solid waste is contained in D.O.T. approved 55-gallon (17H) drums. The work shall include picking up the drums of solid waste and transporting such waste from the Utility to the contractor's treatment, storage, or disposal facility. The contractor shall replace the drums taken from the Utility with new D.O.T. approved (17H) 55-gallon drums. If necessary, the contractor shall provide overpacks for any damaged or leaking drums.

VMEU is projecting to generate an estimated 150 drums per year of liquid oil waste which is contained in D.O.T. approved 55-gallon drums. The work shall include picking up the drums of waste oil and transporting such waste from the Utility to the contractor's treatment, storage, or disposal facility. The contractor shall replace the drums taken from the Utility with new D.O.T. approved (17E) 55-gallon drums. If necessary, the contractor shall provide overpacks for any damaged or leaking drums.

VMEU is expected to generate approximately 20,000 gallons per year of waste water which is collected in one (1) fuel oil unloading containment pit and two (2) turbine drain tanks. Work shall include the removal of the waste water by vacuum truck and transporting such waste from the Utility to the contractor's approved treatment, storage, or disposal facility.

- B. **Additional Contingency Requirements** - In addition to the waste disposal work described above the use of additional services for some of which estimated quantities are specified in Section 2.14 are to be explicitly included in this contract, and the cost of which must be covered in the Contractor's 'not-to-exceed' total prices presented in the bid proposal. The Contractor must also be able to provide other additional and emergency response services as required, in such areas as fuel oil tank cleaning and the containment and cleanup of oil spills, or spills of other wastes described in Section 2.3, on land and water (streams/river).

- i. At the Owner's request, these services shall be provided by the Contractor, to the extent possible at the time of the request, as long as funds appropriated under the Contract, or through any authorized change orders (including emergency authorizations) remain unused in sufficient quantity to cover their cost.
- ii. The cost of these additional services shall be based on the unit pricing submitted with this bid, or subsequent contract change orders.
- iii. Emergency response services shall be requested at the Owner's discretion. Nothing in this contract should be construed as to obligate the Owner to make such requests if similar services can be otherwise procured in a manner, or within a time frame, deemed more favorable to the City.
- iv. Non-emergency or standard rate services shall be requested at the Owner's discretion. This, in particular, pertains to work which is not covered directly under this contract but is of the "non-emergency type". Nothing in this contract should be construed as to obligate the Owner to make such requests if similar services can be otherwise procured in a manner, or within a time frame, deemed more favorable to the City.

C. Optional Services - Funds appropriated under this contract may also be utilized to procure certain optional services offered by the Contractor, as they relate to the disposal of waste, provided that unit prices for these services have been provided by the Contractor and are included in this contract (either through the initial bid proposal or subsequent change orders). Such optional services may include:

- i. Analytical services, for the determination of waste classification, including the following parameters:
 - a. Flash point (ignitability characteristic)
 - b. pH (corrosivity characteristic)
 - c. Reactive Sulfide and Cyanide (reactivity characteristic)
 - d. Toxics associated with TCLP analysis (toxicity characteristic), specifically:

Arsenic	Total Pesticides	Mercury
Barium	Total Herbicides	Selenium
Cadmium	Total HOC's	Silver
Chromium	Total VOC's	
Lead	PCB's	

- ii. Disposal of wastes similar to those specified in Section III, but which do not have the same waste classification due to differing characteristics.

2.3. Specifications

The contractor shall receive, transport, treat and/or dispose the following waste types:

A. Solid Waste:

- i. The Contractor shall dispose of an estimated fifty (50) drums per year of solid waste (placed in 55-gallon drums) comprised of oil impregnated sand, rags, absorbent pads, and wooden items. The weight of a full solid waste drum is between 200 and 400 lbs. This solid waste shall be removed from the generating station by a licensed hazardous waste hauler.
- ii. The solid waste is stored in containers classified as D.O.T. approved (17H) drums and/or overpacks (if required).
- iii. The contractor shall replace (at time of pick-up) all solid waste drums removed for disposal. The drums shall be D.O.T. approved (17H) drums.
- iv. This waste is currently being manifested as non-hazardous with the following characteristics:
 - a. DOT description: Oil contaminated solids
Non DOT regulated material
 - b. Composition (typical):
35% oil sorbent pads, 25% oil soaked rags, 25% oil dry, 15% oil soaked soils and debris, Varying percentages of oil soaked soils
 - c. EPA Hazard Code: None (non-hazardous)

B. Waste Oil:

- i. The Contractor shall dispose of an estimated one-hundred and fifty (150) drums (55 gallons per drum) of liquid waste comprised of used lubricating oils.
- ii. This Oil waste is stored in containers classified as D.O.T. approved (17E) drums and/or overpacks (if required).
- iii. The contractor shall replace (at time of pick-up) all waste oil drums removed for disposal. The drums shall be D.O.T. approved (17E) drums.
- iv. The oil waste is currently being manifested as non-hazardous waste with the following characteristics:
 - a. DOT description: chemical process liquid, non-RCRA, and non-DOT.
 - b. Composition: Range (typical): 10% water & 90% oil/sed. to
50% water & 50% oil/sed.
 - c. EPA Hazard Code: None (non-hazardous)

C. Waste Water:

- i. The Contractor shall dispose of an estimated twenty thousand (20,000) gallons of waste water. Contaminated water waste is defined as water that cannot be discharged into the storm sewers due to parameters which may exceed NJ DEPE

permitting limits. The waste water is generated from the cleaning of various plant equipment and the collection of storm water runoff.

- ii. Waste water shall be removed by vacuum truck conforming to EPA, D.O.T., and NJDEP regulations.
- iii. This water waste is currently being manifested as an X726 or X722 waste with the following characteristics:
 - a. DOT description: combustible liquid, N.O.S.(petroleum distillates) combustible liquid, NA1993
 - b. Composition: Range (typical): 98% water & 2% oil/sed. (by vol.) to 50% water & 50% oil/sed. (by vol.)
 - c. EPA Hazard Code: None (non-hazardous)

2.4. Contractors Responsibilities

- A. Contractor shall comply with all existing laws, ordinances and regulations of the United States, the State of New Jersey, the City of Vineland, and other governmental agencies, which may be applicable to the removal, transport processing, disposal, and/or treatment of any waste handled under this contract. The contractor shall furnish the most recent Federal and State manifest forms and shall provide and fill in data as needed in concert with the City and ensure that all information provided is accurate. Such compliance shall include, but not be limited to, the following:
 - i. Contractor shall verify that waste materials are properly classified, described, marked, and labeled by VMEU prior to removal from the Utility's facilities.
 - ii. Contractor shall verify that waste materials are in proper condition for transportation according to the applicable regulations of the Dept. of Transportation, US EPA, and the N.J. Dept. of Environmental Protection and Energy.
 - iii. Waste materials described in all manifests shall be consigned only to the transporter named.
 - iv. The contractor shall provide his EPA Identification Number for transporting waste materials from VMEU to the Contractor's processing facilities and disposal sites.
 - v. Treatment, storage, and disposal facilities used by the Contractor shall have valid permits to treat, store, and dispose hazardous/non-hazardous waste.
 - vi. Required manifest signatures and other identifications shall be obtained and records kept in proper order by Contractor. Contractor will ensure that the appropriate copies of signed manifests are sent to both VMEU and NJDEPE.
 - vii. Prior to any payments by the City of Vineland, the Contractor shall submit to VMEU proof of acceptance from the final disposal facility.
 - viii. City of Vineland shall have the right to review and inspect the above items.
- B. The Contractor shall be responsible for the condition of all packages and containers supplied under this contract. All containers furnished shall comply with the rules, regulations, laws and/or ordinances which may be applicable to the safety, packaging, and transportation of such containers, including U.S. Department of Transportation

regulations.

- C. The Contractor shall transport all waste products from the Utility's facilities. The vehicles shall not be loaded in excess of the maximum legal load limit of the State of New Jersey. In the event wastes are spilled on the Contractor's equipment during loading operations, the Contractor shall thoroughly clean the exterior of said equipment at City's plant thereby preventing the spillage of wastes onto the roadways. The Contractor's vehicles shall be devoid of any residue from previous shipments. All costs related to such clean-up shall be the Contractor's responsibility.
- D. The Contractor shall state the quantity of solid waste disposed in units of gallons, drums, or pounds, for billing purposes.
- E. The Contractor shall comply with all safety standards adopted by Vineland Municipal Electric Utility.
- F. The Contractor shall respond as soon as possible to each request for waste removal from the premises of the Utility. The Contractor shall provide a continuous operation until the specific waste removal task has been completed.
- G. In addition to the scope of work items described in Section 2.2, the Contractor shall be capable of providing emergency response services and shall be designated as the potential responder of such emergencies for the Utility. The Contractor shall be registered with NJDEP as a discharge cleanup organization for emergency responses and shall respond to emergencies (*arrive at site of emergency*) in no more than 2 hours after notification.

2.5. Vineland Municipal Electric Utility Responsibilities

- A. The Utility shall provide the Contractor reasonable access to the Electric Utility Station premises for purposes of fulfilling the Contractor's obligations under this specification.
- B. The Utility shall provide appropriate information required for the Contractor to complete the waste manifesting.
- C. Copies of the manifest(s) as filled out by the Contractor shall be filed by the Electric Utility for future references.
- D. The City shall relinquish title of the waste materials to the Contractor at the time the Contractor's vehicles leave the Utility's property.

2.6. Pricing

The Bidder shall list on the attached proposal form:

- A. **Unit Prices:** Prices shall be quoted on a unit basis (so that payment for actual work performed can be accounted and charged correctly) for the following:
 - i. Pick-up, transport, disposal, and replacement drum costs for the solid waste on a \$/drum basis. For the purposes of bidding uniformity, it shall be assumed that a drum of solid waste weighs 350 lbs.
 - ii. Pick-up, transport, disposal, and replacement drum costs for the waste oil on a \$/drum basis. For the purposes of bidding uniformity, it shall be assumed that a drum of waste oil contains 55 gallons.
 - iii. Pick-up, transport, and disposal costs of waste water on a \$/gallon basis. For the

purposes of bidding uniformity, it shall be assumed that a load of waste water is 5,500 gallons.

- iv. Normal transportation and labor costs on a \$/pick-up basis.
 - a. Drums (oil or solids)
 - b. Waste water
- v. Cost for providing and completing manifesting on a \$/manifest basis.
- vi. Waste verification costs on a \$/pick-up basis.
- vii. Disposal Costs
 - a. Oil-contaminated solids on a \$/drum basis (assume 350 lb./drum)
 - b. Waste oil on a \$/drum basis (assume 55 gal./drum)
 - c. Waste water on a \$/gallon basis (assume 5,500 gal. per load)

viii. Unit cost of DOT (17H) solid waste drums.

ix. Unit cost of DOT (17E) waste oil drums.

B. The Bidder shall also list costs for the following additional work that may be required during the contract period:

- i. Pick-up, transport, and disposal costs of contaminated waste solids (non-debris) exhibiting D004-D011 characteristics (excluding D009) on a \$/drum basis. A full drum typically weighs 200-400 lbs.
- ii. Pick-up, transport, and disposal costs of contaminated solid debris exhibiting D004-D011 characteristics (excluding D009) on a \$/drum basis. A full drum typically weighs 200-400 lbs.
- iii. Pick-up, transport, and disposal costs of contaminated waste solids (non-debris) exhibiting D009 characteristics with greater than 260 ppm of free mercury on a \$/drum basis. A full drum typically weighs 200-400 lbs.
- iv. Pick-up, transport, and disposal costs of contaminated waste solids (non-debris) exhibiting D009 characteristics with less than 260 ppm of free mercury on a \$/drum basis. A full drum typically weighs 200-400 lbs.
- v. Load verification costs for contaminated solid waste on a \$/load basis.
- vi. Emergency approval fees for contaminated waste oil and contaminated solid waste on a \$/load basis.
- vii. Non-Emergency approval fees for contaminated waste oil and contaminated solid waste on a \$/load basis.
- viii. Emergency Labor costs on a \$/hour basis.
- ix. Emergency Transportation costs on a \$/pick-up basis.
- x. D.O.T. approved overpack drums on a \$/drum basis.
- xi. Thirty (30) cubic yard roll-off dumpster on a \$/month basis.

- C. The Bidder shall also list costs for the following analytical work that may be required during the contract period:

- i. Flash Point (for ignitability determination).
- ii. pH (standard units) for corrosivity determination.
- iii. Reactive Sulfide and Cyanide for reactivity determination.
- iv. The following toxicity characteristics:
 - a. TCLP Metals:

D004—Arsenic
D005—Barium
D006—Cadmium
D007—Chromium
D008—Lead
D009—Mercury
D010—Selenium
D011—Silver

- v. The following other components:
 - a. Pesticides, Total
 - b. Herbicides, Total
 - c. Total HOCs
 - d. Total VOCs
 - e. PCBs

Analyses shall be performed in conformance with all approved Federal and State Test Methods and the requirements found under N.J.A.C. 7:26 - Subchapter 8 (NJ Hazardous Waste Regulations).

- D. The Bidder shall provide an emergency response price sheet which lists all costs associated with providing emergency response services. The list shall include, but not be limited to wage rates, equipment rates, material rates, etc.
- E. The Bidder shall provide a standard rate or "scheduled project" price sheet which lists all costs associated with providing standard response services. The list shall include, but not be limited to wage rates, equipment rates, material rates, etc.

2.7. Response Time

- A. The Contractor shall guarantee a "non-emergency" response time of 48 hours after notification from VMEU.
- B. The Contractor shall be capable of providing emergency response services within two (2) hours.

2.8. Penalty

Vineland Municipal Electric Utility reserves the right to go outside of the awarded contract if the guaranteed response time is not met by the contractor, however the existing contract shall still

be in effect after this action has been completed. The cost for this action shall be taken from the contract funds and the Contractor shall be responsible for any extra cost differences.

2.9. Site of Waste Removal

- A. The point of pick-up for removal of the waste material shall be either of the following sites:
1. Vineland Municipal Electric Utility – HM Down Station
211 N. West Avenue
Vineland, NJ 08360
 2. Vineland Municipal Electric Utility – West CT

2.10. Documents

- A. Evidence of licensors and hazardous substance hauler status must be provided by the bidder at the time of submitting proposal to the Purchasing Board of the City of Vineland. Evidence of insurance must be submitted prior to implementation of the contract agreement.
- B. Along with all necessary bid documentation, the bidder must provide a Statement of Qualifications that includes a list of all emergency response & clean-up personnel and equipment available to Vineland (*not nationally*) with their bid. The list shall contain the company's letterhead (and/or) logo as an identifier.
- C. Bidder must also supply a statement on a company letter head (or) document with company logo stating their capable emergency response time. (*Such as "we guarantee emergency response time is possible within two hours of notification"*).

2.11. Bidder Qualifications

The Bidder shall be an approved and acceptable carrier of hazardous substances, in accordance with Federal EPA standards. Containers provided by the Contractor for transport shall be approved under all required Local, State, or Federal agencies. In addition, the Bidder shall have all other necessary licenses and shall comply with the insurance requirements for such transport, as mentioned above, having the City of Vineland as an additional insured.

The Bidder shall be a New Jersey State licensed transporter of hazardous wastes. The Bidder shall have valid State and Federal permits and have access to certified disposal sites that will accept the waste transported by the Contractor as described in these specifications.

The Contractor shall be registered with NJDEP as a discharge cleanup organization for emergency responses and shall respond to emergencies (*arrive at site of emergency*) in no more than 2 hours after notification.

The Bidder shall be qualified to accept the responsibilities as noted in these specifications, including emergency response capabilities, and to have adequate insurance throughout the duration of the contract period.

2.12. Method of Awarding Contract

- A. The City of Vineland reserves the right to award items A through B, Section 2.3 and items A and B of Section 2.14 of this specification to more than one bidder based on an item selection which will be determined by evaluation of price per item and qualifications.
- B. The City of Vineland will be the sole judge in determining the selection and awarding of contract(s) as long as it is in the best interest of the City of Vineland.

2.13. Contract Period

- A. **Initial Contract Period** - The contract shall be for a period of one year commencing on the issuing of contract.
- B. **Automatic Renewal** - The contract shall automatically renew in its entirety for one additional year commencing on the expiration of the Initial Contract Period. The parties to this contract acknowledge that this is a material term of the contract, relied upon by both parties.

- C. Termination of Automatic Renewal** – Either party shall have the right to terminate this contract on the Initial Contract Period PROVIDED such party so terminating the contract notifies the other party in writing by certified mail within ninety (90) days prior to the expiration of the Initial Contract Period. Should notice not be provided pursuant to this subsection, each party shall rely on the Automatic Renewal under the same terms, conditions, pricing level, specifications, etc., of the Initial Contract Period, with a bond renewal for the additional year.
- D.** The Utility reserves the right to terminate the contract agreement prematurely in the event that the amount of monies approved for expenditure have been exhausted or the Contractor fails to meet its obligations under such contract.

2.14. Estimated Quantities

A. Waste Disposal

The Utility estimates an annual generation of the following quantities of waste for disposal:

Solid Waste	0 to 50 drums
Waste Oil	0 to 150 drums
Waste Water	0 to 20,000 gallons

The actual quantity of any or all of the waste products produced will vary due to operational needs. For the purpose of bidding uniformity, the total anticipated quantities of waste generated during the contract period are the maximum of the quantities listed above. These numbers are only estimates and the actual amounts of waste generated may deviate. VMEU shall not be held liable should it need removal and disposal of more or less quantities than the estimate. In addition to the waste disposal work listed above there may be additional contingency and optional services required as enumerated in Items 2.2.B and 2.2.C of this specification.

B. Anticipated Additional Services

Based on prior year usage, some additional services may be required during the contract year. The estimates for additional services listed below are for bid evaluation purposes. The quantities of these services actually used during the contract year may be less or more than the estimated amounts. In addition there may be other additional services and emergency services required during the contract period. The anticipated amounts do not include all the services used in the past or the expected amount to be used in the future.

1. Manpower

	Estimated Man-Hours
Supervisor	0 to 100
Equipment Operator	0 to 200
Chemical Technician	0 to 400

2. Equipment

	Estimated Number of Days
Vector truck including 100ft hose	0 to 15
Pickup truck/personnel vehicle	0 to 30
Vacuum truck (3000-5500 gallon)	0 to 5
Boat/boom/spill trailer	0 to 5
Hot spray trailer/pressure washer	0 to 15
Air monitoring equipment	0 to 5
Confined space trailer	0 to 10

2.15. Open-Ended Contract

- A. The Utility will award an open ended contract for the furnishing of Waste Disposal Services. The anticipated yearly quantities of waste generated and additional services required as included in Section 2.14 are for bid evaluation purposes only. The Utility does not guarantee any of the quantities of the waste required to be disposed or any additional services to be used during the contract period.

END OF BID CHECKLIST

Proposal
Open Ended Waste Disposal Services

Submitted to: The Purchasing Board
City of Vineland, New Jersey

Subject: Proposal for Disposal of Solid and Liquid Waste; Electric Utility – Generation & Distribution

The undersigned bidder declares he/she has read the Notice to Bidders, Instructions to Bidders, General Conditions, and Specification and agrees if an open-end contract is awarded based on this proposal the services set forth in this proposal will be provided. The unit prices for disposal, additional services, analytical work, emergency responses, and other services listed in sections below are firm and shall not be subject to adjustment. The number of tons of solid waste and waste oil, gallons of waste water, man-hours of chemical technicians, equipment operator and supervisor time, and number of days various equipment is required for the cleanup and disposal of solid and liquid waste during the one year contract period beginning in July 2026 can only be estimated. The estimated number of tons, gallons and drums of waste, man-hours of required labor, and rental days for equipment will be combined with the fixed unit prices to determine the total expected cost for waste disposal, labor and equipment. The contract award will be based on total expected cost. Invoiced amounts will be determined based on actual quantities and fixed unit prices.

A. Waste Disposal Price (to be held fixed for the contract period): To pick-up, transport, and dispose of the types and quantities of materials described in Section III of the specification.

- | | |
|--|---|
| 1. Fifty (50) drums of Solid Waste (for the purposes of bidding uniformity: assume 350 lb/drum and 2 pick-ups during the term of the contract.) | 50 drums × \$_____/drum = \$_____
(Total from A1) |
| 2. One-hundred fifty (150) drums of Waste Oil (for the purposes of bidding uniformity: assume 55 gal/drum and 4 pick-ups during the term of the contract.) | 150 drums × \$_____/drum = \$_____
(Total from A2) |
| 3. Twenty – thousand (20,000) gallons of Waste-Water (for the purposes of bidding uniformity: assume <2,000 gal/load and 10 pick-ups during the term of the contract; includes spills on water.) | 20,000 gal. × \$_____/gal. = \$_____
(Total from A3) |

Expected cost for waste disposal A = A1 + A2 + A3 \$_____ (A)

COMPANY: _____

- B. Labor** (*Unit prices are to be held fixed for the contract period*): To pick-up, transport, and dispose of the types and quantities of materials described in Section III of the specification.
